

# BPA Statement

We hereby confirm that Intersurgical are not required to label our current products that contain Polycarbonate as containing Bisphenol A (BPA). This is due to the levels of BPA within the polycarbonate materials being below 0.1%, w/w in accordance with the Registration, Evaluation, Authorisation & restriction of Chemicals (REACH) Regulations (1907/2006).

Intersurgical monitor changes to products and legislation and therefore if BPA levels rise above 0.1% w/w in the future, Intersurgical will communicate BPA content of its products.
